 —Phil Wilson, Momentum 98, Columbus, Ohio.

"The New Living Expo has been a wonderful experience for me personally and my business. The caliber of the speakers and attendee's has been incomparable to other health expos I have attended. I offer a healthy coffee, high in antioxidants which has been embraced by all who work and attend the expo, we look forward to many more years to come being a part of the New Living Expo!"
 —Tracee Raptis, The Bean Coffee Company.

"The New Living Expo is a fabulous way to get out and be seen. The atmosphere is comfortably upscale and festive. It's a huge magnet for the green living/ health & healing-curious public. My own bodywork booth was busy most of the time."
 —Niles Szwed, Techtuitive Bodywork Seminars

"Your show is our best retail show pretty much every year and we really appreciate the opportunity to be a part of it! Thanks so much."
 —Kevin & Michelle Ekerson
 Step Forward of Oregon

The Concourse is a superb blending of mellow old San Francisco charm counter-pointed with contemporary glass and steel design.

Moveable skylights and clerestory windows that run the entire length of the building let natural light into the exhibit hall.
